The 2025 Academic Partnership Program is a comprehensive program offering an unprecedented level of participation with the Alliance for Automotive Innovation, its members, partners, and audiences. The program offers various inclusions such as exclusive events, publications, subscriptions, and programs. Additional features include student participation and Authorship/Publishing opportunities.

2025 Program Inclusions:

1. Cohost campus event

Special invited guests would include a variety of members, industry advocates, state legislators and media representatives.

- ▶ The event program would include aspects of public policy, emerging technologies, charging infrastructure and related social challenges.
- ▶ Keynote Speaker provided by AFAI (Leader from AFAI or Member Organization)

2. Participation in Academic Council (2 seats)

Meets annually in Washington D.C.

3. Access to the following publications and subscriptions:

- ▶ Insights and News
- ▶ Reading the Meter
- ▶ Get Connected
- ▶ Data Driven Economic Impact Report
- ▶ EV Dashboard interactive portal (1 seat)

4. Access to Partner Portal (Q2 2025):

- ▶ Quarterly Policy Regulatory Legislative Summary Digest
- ▶ State Affairs End of Session Report
- ▶ Multistate Legislative Tracking Report
- ▶ Multimedia library of educational and editorial content

5. Invitation to Podcasts and webinars

(Opportunity to participate in one webinar)

6. Opportunities to submit white pages, reports, and articles for publishing consideration.
